Q-2 Read the following passage carefully and answer the questions given at the end. (10)

A driver of the transport is like a captain of the ship. He is responsible for the safety of all passengers. Treat the Driver and conductor with respect. It's good to say "Thank you" as you get off. Follow the direction of the driver or conductor. Stay in your seat. Hold on to the handrails if you are standing or getting ready to get off. Keep your bag between your feet on the floor if you are standing up. Don't hang out around the doorways as this makes it hard for people to get on or off. Offer your seat to an older person, an adult with a very young child or someone who is disabled but take care that you hold on to handrails when you stand. Treat other passengers with respect. Check for the traffic if you have to cross the road. Remember to look right, left and right again, before you cross the road.
